AS GEEKS, WE CAN ABSOLUTELY SHOW OUR LOVE FOR OUR FANDOMS IN SUBTLE WAYS. YOU KNOW, WITHOUT THE MASK OR FACE PAINT. SO I THOUGHT WE'D TALK A BIT ABOUT USING EVERYDAY COSPLAY FROM CLOTHES IN YOUR CLOSET, AND HAVING YOUR OWN CONVENTION WHEREVER YOU GO.

WHAT IS COSPLAY?

Cosplay is the art of creating and/or wearing costumes that represent a specific character from anime, comic books, manga, video games, television series, cartoons, and other pop culture sources.

WHAT IS CLOSET COSPLAY?

Closet cosplay is creating costumes by putting together items in your closet. The idea of closet cosplay is to find subtle ways to find and wear everyday cosplay from your closet. To identify pieces in your closet and combining them to make everyday, work, or special occasion outfits.

WHAT IS DISNEY BOUNDING?

IS CASUAL COSPLAY THE SAME AS CLOSET COSPLAY?

what do
you think?

cosplay that comes out of your closet with some alterations to better recognize the character

closet cosplay can be worn out as is straight from your closet... casual cosplay adds accessories, wigs, etc so that the character is more identifiable
